Honourable Government,

I have had the opportunity to read the Homestead Law again I find there that I can cancel a homestead for pre-emption. Here directly adjoining my homestead only on the other side of the road is the quarter of Mills Palm', the N.E. of Sec. 13, Tp. 12, R. 17. He has already had it two years but has lived not on his homestead but with his brother Andrew Palm 2 miles away. He has 40 acres under cultivation and this year in October has built a house there but he has not slept any night on his place. As I cannot find in the Homestead Law that he is authorized to use his time at his brother's, will you please write me if I may cancel the quarter for a pre-emption. So far as I know he has no 40 acres of property there he is staying for his brother has only received the patent this summer.

Asking for information,

I remain respectfully,

Sir,

I beg to acknowledge the receipt of your letter of the 5th instant, reference 68869, and to return herewith the application for patent of Mr. Nels Malm, for the N.E. ¼ of Section 13, Township 13, Range 17, West of the 4th Meridian, together with the declaration made by Mr. Nels Malm as to his residence performed on the S.W. ¼ of Section 13, Township 13, Range 16, West of the 4th Meridian.

I am to point out that in answer to question 4(b) the witness, Thomas M. Robertson, described the land where the applicant resided as being the S.W. ¼ of Section 31, Township 13, Range 16, West of the 4th Meridian, whereas, it should be the S.W. ¼ of Section 13.

It will be necessary for this to be corrected and the evidence of the witness re-sworn.

I would call your attention to the departmental communication of the 20th ultimo in this connection.

The above mentioned declaration is returned for the reason that it will be necessary for the homesteader's brother to make the declaration setting forth what residence he performed on the S.W. ¼ of Section 13, during the time the applicant claims residence thereon.

Re: Account of Nels Malm,
N.E. 18-13-17-W.4th.

The matter of an application for an adjustment of indebtedness outstanding against the above mentioned party is referred to you, constituted as a Board to deal with such cases. Having completed an investigation I am now in a position to report as follows:-

In 1915 relief amounting to $50.00 was advanced to Nels Malm on the security of the above mentioned land. No payment has ever been received and the present standing of this account is:-

Principal	Interest	Total
$ 50.00	$ 93.53	$ 143.53

Patent was issued in the name of Nels Malm for the N.E. 18-13-17-W.4th on the 18th of July, 1914, and later became subject to the 1915 lien.

In reply to our questionnaire of the 24th of September, 1953, The Director of Assessments, Department of Municipal Affairs, Province of Alberta, wrote as follows:-

"Title to this land is presently vested in this Department having been acquired through Tax Recovery proceedings . This land is occupied at present under cultivation lease as issued by this Department, and in view of it being situated in that part of the Province designated "Special Areas" there is little likelihood of any sale being made of same."

The information obtained indicates that the land is such that it is unlikely to be disposed of by sale in the near future and no longer offers any security of value for our lien. Under the circumstances it is recommended that the indebtedness be cancelled and the lien discharged.

THE ADMINISTRATOR IN COUNCIL.

The undersigned has the honour to report that Mr. Richard Zeppitz was granted homestead entry for the North West quarter of Section 31, Township 44, Range 8, West of the 4th Meridian, on the 22nd June, 1914, and that cancellation proceedings were instituted against said entry, on the 11th December, 1916, cancellation of the entry being finally carried out on the 2nd April, 1917.

Mr. Zeppitz represents that he failed to receive the Agent's notice advising him that cancellation proceedings had been instituted against his entry, that he has complied six months residence on the land during each of three years, erected a house thereon, and has cultivated a portion of the quarter-section.

Re-entry was granted for this land on the 14th April, 1917, to Mr. Howard J. Wise, who has performed the performance of the required duties in connection with his entry.

Mr. Zeppitz now asks entry in lieu of set forth that he has a claim of homestead right as it does not appear that he has ever received naturalization as a British subject, that he is not now eligible to make entry for a homestead in view of the provisions of Order-in-Council, dated the 1st December, 1914, by which the right of subjects of enemy states to make homestead entry was withdrawn.

The undersigned recommends that in view of all the circumstances of this case Mr. Zeppitz be granted the right to make re-entry for any other available quarter-section of Dominion Lands and that he be given credit on correction with such entry, for the homestead duties already performed by him, so that he may secure a free patent upon completing the cultivation duties and erecting the house, thereon upon the land to be entered for by him.

Respectfully submitted,

Minister of the Interior.

In the years 1924 and 1925 this party obtained seed grain and relief advances from the Dominion Government in respect of which no repayment has been made, and the accounts stand as follows:-

The next entrant was not required to assume the indebtedness. Patent issued in 1929 in the name of George D. Watson. Mr. Peckett's mother was located in Edmonton in 1931, and stated that he had left the district seventeen years before, and she had not heard from him since.

MEMORANDUM:-

Mr.N.Rome made application for homestead entry for the N.W.¼ of Section 26, Township 10, Range 3, West of the Fifth Meridian, upon which it was stated that he had located prior to survey, having resided thereon and made valuable improvements.

The Homestead Inspector corroborated the applicant's representations as to his improvements and stated that he was a bona fide settler.

The land in question was in course of being allotted to the Hudson's Bay Company, but in view of the foregoing facts, you decided that the Company should be asked to exchange the parcel for other lands. (My memorandum of the 26th November, last marked).

The necessary communication was duly transmitted to the Commissioner of the Hudson's Bay Company, and the latter now states that it will be impossible to meet the wishes of the Department in this instance.

The Commissioner states in this relation that the Company will appreciate any information that can be furnished by the Department with

J.W.Greenway,Esq.,

Commissioner of Dominion Lands.

with respect to a squatter's occupancy of the lands of which no previous intimation has been received by it.

With respect to this request of the Company, I may say that there is no fixed procedure in this regard, each application being dealt with on its merits, and if it is deemed that the Department is justified in so doing, the Company is asked to give its consent to the land applied for being released.

Ottawa, 31st July, 1913.

[illegible] :-

I beg to return herewith your Ref. No. 10746, and to say that, according to the records of this Branch, the N. ½ of Section 28, Township 10, Range 3, West of the 5th Meridian, was patented to the Hudson's Bay Company in July, 1910.

In view of a report obtained from the Homestead Inspector in November, 1907, setting out that Mr. Nicholas Rowe had been in continuous residence on the quarter section referred to since July, 1902, and that he had placed improvements on the land having a total value of $1,100.00, the Hudson's Bay Company was requested to exchange the parcel for other land to permit of entry being granted to Mr. Rowe. The Company informed the Department that, as the land had already been dealt with, it was impossible to accede to the request of the Department. The Department, however, requested the Company to reconsider its decision in view of Mr. Rowe's long residence, and the improvements made by him on the property. The Department in reply was advised that the Company could not see its way clear to relinquish the land.

Under the circumstances, Mr. Rowe was advised in June, 1908, that every effort had been made to obtain a release of the quarter section from the Hudson's Bay Company, but that the Company refused to take any action in the matter. I think Mr. Rowe is still in possession & the Dept. should make another effort to get an exchange with the Co.

letter dated 16th December, 1907, to state if it would consent to the parcel being exchanged for other land. In due course a reply was received to the effect that it would be impossible to concede the wishes of the Department as the land had already been dealt with. A further letter was then written to the Company asking that it reconsider its decision in view of the squatter's long residence on the quarter-section and the improvements made by him on the property. To this the Company only replied that it could not see its way clear to relinquish the land for the reasons already explained. The reason Mr. Rowe is informed by letter dated 2nd June, 1908, of the efforts made to obtain a release from the Company and of the latter's refusal to take any action in the matter.

There was no occasion for considering the case further until about five years later when a report was submitted to you on the 31st July, 1913, in connection with your reference No. 18818. In the meantime the land had been patented to the Company, apparently without any notice having been taken of Mr. Rowe's occupation. In the report to you just referred to the opinion was expressed that another effort should be made to effect an exchange with the Company provided Mr. Rowe was still in possession of the quarter section, and the late Assistant Deputy Minister directed that a report be obtained from the Homestead Inspector as to the residence performed and improvements made by the squatter. A report was received as follows:-

"the most satisfactory information I could

"who has resided in vicinity for the past 10

"continuous residence with his family on the
"land for the past 10 years."

This report was brought to your attention and you directed that another effort be made to secure the land from the Hudson's Bay Company. The Company was written to accordingly and a reply was received that as the land had been disposed of it could not be reverted to the Crown.

In April, 1920, Mr. Edward Rowe advised the Department that the quarter section was still held by the estate and that he was appointed by the heirs. In reply he was told of the unsuccessful efforts made by the Department to secure the land from the Hudson's Bay Company.

Then in February last the petition herein quoted was received.

There is one [illegible] connected with the proceedings in this case not yet mentioned and that is that in November, 1913, the Agent of Dominion Lands was instructed on your directions to withhold from settlement until further advised the quarter section adjoining the one in question on the north, namely, the S.W. 35. Subsequently, in the Spring of 1914, Mr. Rowe was granted permission to make homestead entry for this quarter section subject to his being eligible but he did not take advantage of this permission. The quarter section at the time of its reservation was under lease to the late Mr. Rowe as Ranch No. 4805 and it still stands in his name in the records of the Timber and Grazing Lands Branch.

Although there is no record of any statutory declaration having been made by the late Mr. Rowe before the surveyor in connection with the said [illegible] so, I am of opinion after carefully reviewing the correspondence on file that there is no room for doubting that he bona fide settled and made improvements on the land before survey. The land was surveyed in December, 1909, although the papers show that the late squatter went into occupation in June of that year. As you know, the Dominion Lands Act has a special provision for an exchange in a case of this kind where land allotted to the Hudson's Bay Company has been bona fide settled on. Section 41 of the Act reads as follows:-

"If, when the survey of a township
"is effected, the sections so allotted, or
"any of them, or any portion of them, are
"found to have been bona fide settled on,
"the company may, if it forego its right
"to the sections settled upon as aforesaid,
"or to any one or more of such sections,
"select a quantity of land equal to that so
"settled on, and in lieu thereof, from any
"lands then unappropriated. (1908, c. 20, s. 41)."

The.....

The N... 88 excepting a railway of 4.78 acres, still stands in the name of the Hudson's Bay Company as revealed by a search letter just obtained from the Registrar.

It may possibly be considered that the circumstances in this case are such as would fully justify the Department taking further representations to the Company with a view to effecting an exchange even at this late date so that the Department might like a decision to grant title, to the formal [illegible] of the deceased squatter in accordance with the regulations governing such cases.

The [illegible] in order that [illegible] may be in a position to [illegible] the matter with the Hon. Mr. Sifton.

It appears that [illegible] the land.

[illegible] efforts were made to effect an exchange but the Company [illegible] to [illegible] the Company and [illegible] the Company was written to [illegible] land had been patented.

[illegible] Company is the ordinary course without any [illegible] to protect the settler's rights.

[illegible]

Hon. Mr. Cory, etc., C.M.G.,
Deputy Minister of the Interior.

Consideration of this case was reopened in view of a petition received in February last from some "ratepayers of Maycroft and North Fork county" asking that the land be granted to the heirs of the late squatter.

As will be observed from Mr. Cuttle's letter, the Hudson's Bay Company is now prepared to deal with a formal application from the Department to secure the surface rights of the land in question in exchange for surface rights of equal value.

I beg to recommend that formal application be now made to the Land Commissioner of the Hudson's Bay Company to exchange the said N.E. ¼6 for a quarter section of available Dominion land of equal value. It is to be noted that Mr. Cuttle suggests that this matter be given immediate attention.

As you are aware, an exchange of lands requires to be sanctioned by Order in Council.

Respectfully submitted,

Controller.

Dear Sir;-

Your file No. 1384909
N.W.¼ 26-10-3-W 5th M.

With reference to your letter of the 14th ultimo, I am returning herewith Letters Patent in favor of Edward Rowe.

This land originally stood in the name of the Hudson's Bay Company. Under Transfer dated 21st of August, 1922, it was transferred to His Majesty King George V, in the right of the Dominion of Canada but the mines and minerals were reserved unto the Hudson's Bay Company and in the enclosed Patent these mines and minerals are reserved unto the Crown. This reservation should be amended.

When returning the Patent, kindly forward Duplicate Certificate of Title 29 D 5 which was mailed to you on the 24th of November 1922.

I beg to acknowledge the receipt of your letter of the 3rd instant returning letters patent covering the above described land issued on the 9th ultimo in favour of Mr. Edward Rowe as personal representative of the late William N. Rowe. You request that the reservation for mines and minerals in this grant be amended in view of the fact that when the land was revested in the Crown the mines and minerals were reserved to the Hudson's Bay Company.

In reply I beg to state that the form of patent in this case reserving to His Majesty all mines and minerals is the form used in the past in all similar cases whether or not the mines and minerals had been previously disposed of, and it is not considered that the fact that in some of these cases the mines and minerals may have been previously disposed of and patented affects either the grant of the surface or of the mines and minerals.

Encl.

As it does not appear necessary, therefore, that the patent in this case should be amended the grant is herewith returned for registration.

In this connection I beg to refer you to your letter to the Department of the 12th November, 1919, and to my reply thereto of the 27th idem respecting the registration of a similar patent, namely, the grant made to Mr. Thomas Ord on the 29th July, 1919, covering the north east quarter of section 9, township 6, range 2, west of the 5th meridian.

Gentlemen,

N.W. 26-10-3[illegible] W.5th M., less roadway.

I beg to acknowledge the receipt of your letter of the 3rd instant, enquiring why patent for the above-described land was issued in the name of Edward Rowe as personal representative of the late William Nicholas Rowe. In reply I beg to say that a sale was made of this land to the estate of the late Mr. Rowe in consideration of the fact that the deceased had squatted on the quarter section before survey and made considerable improvements thereon. Mr. Edward Rowe would have been permitted to make homestead entry for the land as personal representative of the late Mr. Rowe had it not been for the fact that the latter had obtained patent for a homestead during his lifetime and so exhausted his homestead right.

It will be seen, therefore, that as the sale in this case was made to the estate it was not possible to issue patent to Mr. Edward Rowe in his own right.

Dear Sir:-

Assignments for the lands hereunder enumerated were accepted and filed in your Department. As these lands were purchased outright by The Grand Trunk Pacific Town & Development Company by means of scrip, is there any reason why the title should not now issue in the name of The Grand Trunk Pacific Town & Development Company, Limited? These documents were sent in the 19th day of April, 1913.

Yours truly,

Memorandum:-

Application of James Smith, of Edmonton, to purchase, for industrial purposes, the fracl. N.W.¼ 25, the fracl. S½ of the N.E.¼ 26 and the fracl. S½ of 35, all South of Athabaska River, in Township 66, Range 23, West 4th Mer., aggregating 231.50 acres.

The land applied for, shown hatched red on the sketch beneath, and within the red border on the tracing attached to the application, containing 231.50 acres, is undisposed of, according to the records of this Branch and those of the Timber, Grazing & Irrigation Lands Branches, and is desired for industrial purposes- sawmill site, mill yards and booming privileges, and it is stated that the applicant, Mr. Smith, has applied to the Department of Public Works for the booming privileges.

Under the present practice of the Department, lands for mill sites may be sold at not less than $10.00 per acre, the grant to be subject to the erection of a mill, or the satisfactory carrying out of the special purpose for which the lands are sold.

In this connection, I may mention that the Timber, Grazing & Irrigation Branch has reported over the phone that the applicant Mr. James Smith holds T.P. 1279, covering an area of three fourths of a square mile on the Athabaska River, about 300 miles above the site now applied for, and that his brother, Alexander Smith, of Ottawa

W. W. Cory, Esq., C.M.G.,
Deputy Minister of the Interior.

Ottawa, holds six berths on the Athabaska River, about 120 miles above the site now applied for, and seven berths on the Macleod River, a tributary of the Athabaska River, containing together an area of 39.41 square miles.

A similar application from Mr. Smith was refused in July, 1907, as no Dominion Lands were at that time for sale, and the lands applied for were not then surveyed.

Respectfully submitted,

Chief of Branch.

I have investigated the Athabasca River at the place where James Smith proposed utilizing for the purposes of booming, storing and sorting of logs, and in my judgment if the logs are stored on the North side of the Athabasca River at a point above the first island up stream from Athabasca Landing along that portion of Section 35. Township 66. Range 23. West of the fourth meridian, contiguous to the river, and then when required to run through an opening in the boom running about the centre of the raver to the mill-pond on the south side of the river, it will not interfere with Navigation, provided a sufficient channel is left in the boom from the Island to the mill-pond on the south side of the river as indicated on the plan.

I am familiar with the Athabasca River at this point for years, and in my opinion storage grounds and a mill-pond can be made as indicated on the plan, without in any way interfering with navigation.

Yours faithfully.

Dear Sir:-

On August 28th. we made application on behalf of James Smith of Edmonton for a water lot in front of fractional N. w. ¼ of Sec. 25. etc. in Township 66. Range 23. West 4th. Meridian. the said water lot being required for the purpose of holding. storing and sorting of logs and timbers. We find it necessary to amend the said application. as the course of steamers on the Athabasca River at the point where the works are to be constructed. is on the south side of the River. It is now proposed to store the logs on the north side of the river and to admit them to the south side by an opening in a boom above the first island. as shewn on plan enclosed herewith. and be means of booms from the east end of the island. to divert the logs to the mill on the south side of the River. There will be an opening in the boom between the island and the south side of the River. so that navigation will not be effected.

Mr. James Smith has taken this matter up with J. K. Cornwall. President of the Northern Transporation Com-

pany, and he is satisfied that if the above idea is carried out, that navigation will not be interfered with. In order to carry out this idea, it will be necessary for Mr. James Smith to own a water lot on the north side of the river for the storing of logs, and it will also be necessary for him to hold a water lot on the south side of the River, for his mill site. The logs will be taken from the north side to the mill pond on the south side when required.

We therefore beg to amend the application of James Smith by making application for a license of Occupation for two water lots. In connection with the said application, we beg to enclose herewith the following documents, viz:-

1. Plan of water lots for which License of Occupation are required.

2. Description of water lot on north side of River, said water lot to be used for holding logs.

3. Description of water lot on the south side of River to be used for mill purposes.

4. Copy of letter from J. K. Cornwall, President of the Northern Transportation Company, to the Honourable the Minister of Public Works, the original letter being on fyle in the Department of Public Works.

Application of James Smith, of Edmonton, to purchase, for industrial purposes, the fracl. N.W.¼ 25, the fracl. N½ of the N.E.¼ 26 and the fracl. S½ of 35, all South of Athabaska River, in Township 66, Range 23, West 4th Mer., aggregating 234.50 acres.

The land applied for, shown hatched red on the sketch beneath, and within the red border on the tracing attached to the application, containing 234.50 acres, is undisposed of, according to the records of this Branch and those of the Timber, Grazing & Irrigation and Mining Lands Branches, and is desired for industrial purposes- sawmill site, mill yards and booming privileges, and it is stated that the applicant, Mr. Smith, has applied to the Department of Public Works for the booming privileges.

Under the present practice of the Department, lands for mill sites may be sold at not less than $10.00 per acre, the grant to be subject to the erection of a mill, or the satisfactory carrying out of the special purpose for which the lands are sold.

In this connection, I may mention that the Timber, Grazing & Irrigation Branch has reported over the phone that the applicant Mr. James Smith holds T.B. 1279, covering an area of three fourths of a square mile on the Athabaska River, about 300 miles above the site now applied for, and that his brother, Alexander Smith, of Ottawa

W. W. Cory, Esq., C.M.G.,

Ottawa, holds six berths on the Athabaska River, about 120 miles above the site now applied for, and seven berths on the Macleod River, a tributary of the Athabaska River, containing together an area of 39.41 square miles.

A similar application from Mr. Smith was refused in July, 1907, as no Dominion Lands were at that time for sale, and the lands applied for were not then surveyed.

Amended application september nine forwarded to Minister public works copy to you with consent of president northern Transportation Company attached shows that as course of steamers is on the south side of River it is necessary to store logs on the north side and admit same to south side by opening in boom between islands as shown on plan to millpond .Only a small quantity of logs can be kept on south side near to Mill.The natural storage is on the north.The mill must be located on south side for transportation of lumber.The railway does not cross the river .It is necessary to have the foreshore rights on the north side in order to obtain title to water lot to store logs contiguous to same.See my letter to you september eight which explains this .It is necessary to have the land on south side for mill site & yards and to hold some logs close in to that land.All the land applied for is absolutely necessary for the industry.

Gentlemen:

Owing to the changes which are necessary to be made in the booming grounds for storing of the logs, and the fact, as stated in your letter, that the Government can not grant a License of Occupation for a water lot unless the foreshore adjoining the same is owned by the Applicant.

It is necessary that I add to the application to purchase the foreshore, the fractional south half of section thirty five, township sixty-six, Range 23, west of the 4th meridian, north of the Athabasca River. It is on the north side of the river along that portion of section 35, that I intend to store the logs and bring them over to the south side of the river just immediately above the first island, and put them in the pond near where the mill will be located on section 25 on the south side of the river, so kindly add to the application to purchase, "that portion of section 35, north of the Athabasca River in Township 66, range 23, west of the fourth meridian containing 97.2 acres".

I have made application here to purchase this portion and hereby enclose you copy of the application as filed with

Sept, 8th 1911.

the Land Agent.

I am having an amended plan made for the Minister of Public Works showing the changes made in the booming of which I will forward you together with the stipulation from Mr. Cornwall to the effect that if the work is done according to the plan, it will not interfere with navigation. This I shall forward very soon.

Yours truly,

James Smith.

NOTICE IS HEREBY GIVEN on behalf of James Smith of the City of Edmonton, that application will be made under Chapter 115 R.S. Gentlemen; I enclose you a telegram I recieved in answer to a filing I made here. There is only the ¼ section to the south abutting this property on account of the road allowance and river.

There has been a cancellation filed against this quarter as it was filed on on June 2nd 1911 and no improvements have been done on it.

Even if this cancellation forces the filer to do his improvements and so hold his claim it would hardly be fair to allow him to buy additional property when it ~~it~~ is a desirable homestead and ~~I claim~~ is applied for in good faith.

I shall not withdraw my filing fee until I hear from you. Trusting to receive a reply at as early a date as possible

Re draft of license of occupation referred to in Mr. Bistorne's letter of the 16th inst.

The license is for water lots not lands and the 3rd clause in the draft does not appear to be to be correct as it refers to lands on the north and south sides of the river. As I understand it, the license is for the portion of the river lying north of the boom, to be used for storing logs, and for that portion south of the boom for mill site purposes.

Should not the matter be again referred to Justice.

Sir:-

Referring to your letter of the 26th instant-1385526- I have the honour to return the draft of the lease to be issued in favour of James Smith. As you will see, Clause 4 has been changed by eliminating any reference to the North or South side of the River. Probably after the description is entered in its proper place in the draft, it will be possible to state more specifically, on what lands the booms are to be, and the milling industry, respectively; but without seeing the description, it is impossible for me to be more specific in the clause referred to.

Mr. Shepherd draws attention to the fact that the lots applied for are water lots, and not lands; but the term "lands" includes water lots.

Gentlemen,

I beg to enclose herewith, for your inspection and approval, copy of draft license of occupation which has been prepared in the Department of Justice for two water lots on the Athabasca River in front of the N.W.¼ of section 15, the N.E.¼ of section 16 and the S.½ of section [illegible], all in township 66, range 23, west 4th meridian, in favour of your client, Mr. James Smith, as authorized by order in Council of the 5th October, 1911.

Winnipeg, October 28th, 1913.

Sir:-

With further reference to your letter No. 3975 of the 10th instant on the subject of the proposed booming ground on the Athabasca River near Athabasca Landing, I beg to make a formal protest against sanction being given for the construction of the booming, on the following grounds:

Mr .James Smith proposes that the main channel be left on the North Side of the Island, but the construction of a storage boom on the South side would shut off navigation except in high water, a very short period, as it would be impossible for a steamer to get by on the North side of the islands, or as a matter of fact up or down on that side at all. By wishing to place distance booms about forty chains above the upper island on the north side of the river, so as to divert the logs and timbers to the south side of the river, Mr. Smith practically admits that the best water is on the south side. The main current sets towards the south side of the river.

The steamboat channel between Athabasca and Mirror Landing is so crooked, owing to the many shoals, that a steamer of the size of that run by the Hudson's Bay Company is kept dodging from one side of the river all the time, in order to get into the deepest water, and keep clear of rocks. It is therefore considered that the placing of a boom anywhere between these two points shown on the plan will be detrimental to navigation .

Gentlemen,

I be to refer you to my letter of the of the 23rd June,1913, enclosing,for your inspection and approval, copy of draft license of occupation which had been prepared by the Department of Justice for two water lots on the Athabasca River in front of the N.W.¼ section 25, the N.E.¼ section 26 and the S.½ section 35, all in township 66, range 23,West of the 4th meridian, in favour of your client Mr. James Smith, and as no reply to that letter has yet been received here, I beg to enquire whether you intend taking any further action in the matter.

In this connection I may point out that attention having been called by the Water Power Branch of this Department to the fact that the draft license of occupation above referred to did not include a clause providing that any construction operations on or over the bed of the River be made subject to the provisions of the Navigable Waters Protection Act, the matter was referred to the Deputy Minister of Justice, who has added to the draft in question the following clause :-

" And that no wharf pier or other structure shall be constructed on the premises until the plans and proposed site of the same have been approved by our Governor in Council under the provisions of the Navigable Waters Protection Act Chapter 115,Revised Statutes 1906."

The Secretary,

Department of Interior,

Ottawa, Ont.

Dear Sir:-

I am interested in Timber Berths 1516, 1517, 1518, 1398, 1399 and 1400 on the Athabasca River, and also in Timber Berths 1296 on Pembina River.

It was decided as soon as a railroad would reach Athabasca Landing on the Athabasca River to manufacture timber from those limits at that point, being the only point on the Athabasca River where a railroad was projected to the Athabasca River.

On the 20th of May, 1911, I made application to purchase lands for the purpose of installing a mill on Athabasca River for the following lands, namely: The fractional south-half of Section 35 containing 97.2 acres north of the Athabasca River, and the fractional north-east quarter of Section 35, the fractional north-half of the north-east quarter of Section 26 and the fractional north-west quarter of Section 25 south of the Athabasca River containing 159.80 acres or in all 257 acres all in Township 66, Range 25 West of the 4th. Meridian.

I filed plans which were required by the Department and also had considerable correspondence about the matter, and on the 6th of October, 1911, I believe an order was entered allowing me to make the purchase, but for some reason the Department did not consider that as final. On the 15th of January 1913, I was informed by a letter from the Department that leave was given to me to purchase the lands herein described at the rate of $10.00 an acre, one-third of the purchase money to be

paid into the Department before the first day of March following, and the balance to be paid in two equal instalments, such sale was subject to the condition that a saw-mill be erected on a portion of this land with capacity of 40,000 feet board measure per day, and said mill to be operated for three years before letters patent for the said land would be issued. In conformity with this order I paid on the first day of March to the Agent of Dominion Lands at Edmonton the sum of $900.00.

Immediately after this payment was made the Edmonton Dunvegan and British Columbia Railroad began to build northerly from Edmonton, and have constructed a line which crossed the Athabasca River at Smith (formerly known as Mirror Landing) a point 60 miles up the Athabasca River from Athabasca Landing. This same railroad comes within half a mile of the Athabasca River at a point 100 miles up stream from Athabasca Landing and below the timber limits above mentioned, so that the timber can be manufactured at that point and the Edmonton Dunvegan and British Columbia Railway comes near the river, instead of at Athabasca Landing, and save a river drive of 100 miles.

As soon as I learned that the Edmonton Dunvegan Railroad was building to cross the Athabasca River at the points I have mentioned, I did nothing towards erecting the mill at Athabasca Landing, as I desired to place a mill on the Athabasca River as near as possible to the limits, and eliminate the river driving, and still have the advantages of shipping by railroad.

I desire now to relinquish my right to the land described herein at Athabasca Landing, and in lieu thereof I ask to purchase on the same terms and conditions, the following lands, namely: The fractional north-west quarter of Section 2 east of the Athabasca River containing 92.6 acres, the north-half of the north-east quarter of said Section 2, and the north-half of the north-west quarter of Section 1, all in Township 62, Range 2, west of the 5th. Meridian, and containing in all 262.6 acres. And I ask that the money already paid on

account of the lands at Athabasca Landing be applied to this land.

If this is granted I undertake to conform to all the provisions in the original order, and also the order of the 18th of January, 1913, giving me leave to purchase the lands before described near Athabasca Landing.

The construction of the Edmonton Dome is so close to the limits of the land near Athabasca Landing useless for the purposes for which it was acquired. I attach herewith a map showing the location of the limits of the original land near Athabasca Landing, and of the land which I now wish to acquire in lieu of the land formerly allowed to be purchased.

I remain,

Yours faithfully,

Referring to Messrs. Smith & Johnston's letter of the 16th instant, herewith is a sketch on which is shown coloured in yellow the lands referred to in the departmental letter of the 9th instant, and authorized by the Minister on your memorandum of the 21st ultimo. and outlined in red, the amended description of the lands now applied for in Smith & Johnston's letter of the 16th instant. The lands now applied for contain approximately 22.40 acres, but, in view of the irregular shape of the parcel, it would appear that the grant of these lands, if it is authorized, should be in the form of a lease for a term of years and renewable if necessary, rather than in the form of a grant in fee simple, as, in the latter case it would leave 2 separate parcels, also of irregular form, which could not well be disposed of by homestead entry if the gravel leases at any time should be cancelled and moreover, as intimated to you this morning by Mr. Johnston, the land is only required by them until such time as the timber has been removed. The reason for acquiring the land in its present shape is for the purpose of erecting a saw mill and piling the out-put thereof on the land and for access to the railway line on the East and in order not to encroach upon the lands covered by the gravel leases.

Re Mr. J. Smith's application for a mill site on the Athabaska River.

I beg to submit for your perusal and decision the letter from Messrs. Smith & Johnston of the 16th instant applying for their application for a mill site.

Mr. Johnston called on me this morning in this matter and stated that the land as now applied for was indispensable for the carrying on of their enterprise in connection with their timber limits in that vicinity, and that it was the only parcel of land their surveyor had been able to find suitable for the purpose.

In this connection, I also beg to call your attention to Mr. Shepard's memorandum beneath of this day's date, addressed to me. The sketch shows coloured yellow the parcel which was authorized by the Minister, and bordered red the parcel now applied for.

Gentlemen,-

Re Millsite and James Smith
Parts L.S. 2, 6 and 7
Section 14-68-2 W. 5th M.

Referring to your letter of the 15th July last, I beg to say that instructions are being issued to Mr. D.L.J. Cantley, for the survey of the portions of legal subdivisions 2 and 7 of section 14, not included in quarrying leases 471 and 516 and of the portion of legal subdivision 6 of the same section East of the river, in township 68-2 W. 5th M. He is being advised that special care must be taken to see that the survey in no way conflicts with the above quarrying leases.

Upon the completion of the survey, the expense of which is to be borne by Mr. James Smith, the portion of the lease of these areas will then be taken up, but it is to be distinctly understood that when the quarrying leases are cancelled, Mr. Smith will be required to relinquish all the river frontage which would not then be required, as it is considered that 300 feet frontage on each is sufficient for the purposes, but he can secure same for the filing of his lumber. If Mr. Smith is careful in selecting the location of his mill, he should not be in any way inconvenienced in making the relocation when the time comes. In the meantime, the location may extend along the river within the legal subdivisions above mentioned, subject to the proviso as to relocation as above set forth, upon cancellation of the quarrying leases.

Dear Sir:

File No. 594511.

With referrence to our letter of the 11th inst. we are now advised by Mr. James Smith, that it is not his intention to proceed with his application for a mill site. As stated in our former letter, there is no business for two mills on this river, and as the other parties have a mill properly equipped, it would not be necessary for Mr. Smith to proceed with his application. He however, is required to pay to the mill owners an amount equal to the purchase price of his proposed mill site. We point this out in order that you may know that Mr. Smith is paying the department for forty acres of land although the said payment is made through other parties, and although the title will be in their name.

Yours faithfully,

Smith Johnston

Dear Sir:-

Fyle 3547544

On instructions from James Smith of Edmonton, we beg to make application for the refund of the sum of $910.00 paid to the Department as the purchase price of certain lands to be used as a millsite, and enclose herewith power of attorney authorizing us to receive the said funds and give a proper receipt for the same.

On the 19th. of November, 1915, under fyle number 1385526, you wrote the said James Smith advising him that he would be permitted to relinquish 267 acres of land on the Athabasca River, and to acquire in lieu thereof certain other lands for a millsite. In the said letter he is authorized to select only 40 acres at the purchase price of $10.00 an acre, and the remainder of the amount paid by him on account of the original purchase price would be refunded. James Smith subsequently selected other lands in accordance with the said letter of the Department, but for certain reasons as set out in your further letter of the 4th of July, 1916, under fyle number 3547544, the said James Smith

is not permitted to purchese the lands. but is given the right to acquire the same by lease. We therefore make the application referred to herein for a refund of the monies paid in to the Department by James Smith. and amounting to $910.00.

Our client has gone to a great deal of expense in locating a suitable millsite on the river. and in addition to his own time and expenses has had a survey made by Mr. Cautley at a cost of $240.00. In addition a competent mill man and an engineer had to be engaged in the selection of the millsite. and in order to have a survey made of a spur line to the railway.

We were advised by our client that certain other parties have or propose locating a mill on the said river at a distance of only about 2 miles from the millsite. which he has selected. There is not lumber for two mills in this vicinity. and if the said undertaking is successfully carried out by the other parties who already acquired a suitable mill plant. and all necessary machinery. then all timber should be sawed at their mill. If however. they are not able at any time to continue their undertaking. it would be necessary for Mr. James Smith to complete his own arrangements in order that his timber might be manufactured and placed on the market. As you are likely aware there is a scarcity of lumber in the west at the present time.

In view of these facts. and in view of the undertaking

The Legislature should enact a law that [illegible] to the commencement of an [illegible] a matter of dispute between parties, that [illegible] to a disinterested person, and at [illegible] effect a settlement.

Knowing the disinclination of lawyers [illegible] there is precedent for the success [illegible] a code of some existing states on the [illegible] Edgar J. Lauer, justice and chairman of [illegible] Peoria, co-chairman of the city of New York, [illegible] of conciliation is in force, [illegible] conciliation in the Municipal Court [illegible] meeting in January, 1913, at speaking of a [illegible] usefulness for the progressive [illegible] conciliation can only occur when parties [illegible] of a third party, a signatory [illegible] an agreement in respect to a dispute. He is free to relegate his [illegible] the regular way.

[illegible] to the [illegible] where this principle is in vogue, any person [illegible] may apply to the clerk of any district for the [illegible] notice of conciliation. The notice is addressed [illegible] against whom the claim is asserted, and is [illegible] asking him to appear for the purpose of an [illegible] ment of the controversy. The parties are [illegible] with or lawyers by the judge who endeavors [illegible] amicable and equitable settlement of the dispute. The [illegible] he may tell them what the law is, or he may suggest a [illegible] element which is not in accord with the strict rules of law. In hearing the statement of the parties, the conciliator is not bound by the rules of evidence which apply in the court. He may receive any evidence which seems to him proper. The procedure is a novel one. While the parties [illegible] select as the conciliator a judge, but if they prefer to have their dispute settled by some other person on whom they agree

[illegible] are permitted to do so. Parties having confidence in [illegible] judge more than another may submit their dispute to the judge in whom they have confidence. The justice says: "We have created a new method to make the advice of Abraham Lincoln effective. 'Discourage litigation; persuade your neighbor to compromise whenever you can. Point out to him how the nominal winner is often the real loser in fees, expense and waste of time.'"

The justice from experience finds that a compromise court trial almost invariably leave one of the parties dissatisfied. Almost without fail the parties to controversy become enemies. The result of conciliation is far different. The proceedings are conducted in an informal manner conducive to the assembling of records relative to the disposal of the dispute. A spirit of good will and friendliness is encouraged in place of a spirit [illegible] enmity."

Another writer in the [illegible] Review [illegible] about twenty weeks of settling disputes, shows that [illegible] disputes have been referred to a conciliator [illegible] cent. of the cases are settled without [illegible] to the satisfaction of the parties interested.

His Lordship Judge E. A. By the time two persons have come into court with their witnesses to contest their rights over a broken fence, a trespassing cow, a dog bite or a street accident, the money is all spent and settlement [illegible] heavy loss to one side or another is impossible." He refers to a speech made by Lord Birkenhead about [illegible] years ago in which Lord Birkenhead mentions that [illegible] Lent Assizes to make out a list of the cases [illegible] average amount recovered in [illegible] costs incurred exceeded the [illegible] a side being a low average as between attorney and client. Things are not so bad now, but His Lordship says that "the taxed costs here would amount to from twenty to forty pounds on each case, and if the parties were to come before a conciliation court it might well be that they would prefer to stand out for their rights upon the result that the judge would mark the matter 'no for litigation,' and no harm would come of the attempt for every case in which a settle-

ment was arrived at would not only save time and money, but would in many instances stop a lasting ill will between citizens who, in any case, have to go back to their adjacent dwellings and try to live in amity and brotherhood thereafter. The trade union of lawyers would suggest to them moreover that this is a proposal to restrict output, but I doubt if it is really so. The conciliation board would be a help to a class of lawyers who strain every nerve to bring them clients to a settlement, and it would be a real hindrance to the lawyer who fans the flame of his client's anger to drag him into a doubtful contest that, at any rate, he knows may be attended by costs."

Judge Parry refers to the speech of Lord Brougham when he said: "A great Roman statesman, and yet a Roman matron, was heard to boast that her second law dear as well as her second husband was dead. So I say of all my actions, the best and the worst, the noblest and the meanest, the most public and the most private, the most splendid and the most obscure, all must be subordinated to the law of the land, and all must be governed by it." His Lordship continues: "The practice of resistance today is to be more usual hereafter, so that when the events have happened which are to be the subject of legislation, the Bar and the Law Courts are the very last persons to be consulted as to the remedies which are to be applied. The Bar and the members of the Law Courts are the last persons to be consulted as to the remedies which are to suppress the police raised with the view that they are calculated to bring about a breach of the peace. The administration of the law as a social science, and as a science to be studied and applied for the purpose of [illegible] as much as possible the [illegible] of litigation, is a subject which ought to be considered and investigated at the present moment. A step in reconstruction is to reverse the respective positions of advocate and lay and make the laws the masters and the lawyers the servants. The public interest has long been dominated by professional advantages."

Mr. Sargent Garrett, the President of the Law Society, of the English bar, in a speech of January 28th, to Legal Reform, is reported in the Law Times of February, 1918, to have said: "No sane person is disposed to belittle the value of any man's work, and to underrate the advantage and charm of speech, which distinguishes the advocate at the bar. But there is a point of view from which the advocate appears to the peculiarly wasteful system by which the [illegible] of a profession." He says that the [illegible] and the profession," and asks: "Are we content to see the [illegible] successors a profession [illegible] and a system of [illegible] administration which has resulted in a considerable waste of [illegible] sympathy between the public and the profession."

Dear Sir,-

I am in receipt of your letter of the 5th inst. in reference to 267 acres of land acquired by me as a mill site on October 5th, 1911, asking me if I have any representations to make as to this matter.

I may state that on the 1st of March, 1913, I paid $890.00 as a first payment on account of these lands; on November 19th, 1915, I was allowed to relinquish this land and choose 40 acres in some other locality, and that there would be applied on account of this 40 acres, sufficient of the money already paid by me to complete payment at the rate of $10.00 per acre, and the balance of the money was to be refunded to me.

On the 25th of November, 1915, I wrote the Department accepting their offer, and at once made application in the Land Office in Edmonton and sent a copy of the application to Ottawa and selected the North half of Legal Subdivision 1, less the Right of Way of the E.D.& B.C.Railway, and the fractional Subdivision 2, East of the Athabasca River of Section 14, Township 68, Range 2, West of the 5th Meridian, containing 42 acres less the Right of Way of the Edmonton, Dunvegan & B.C.Railway. On the 29th of March, 1916, I was informed that these lands were affected by quarrying leases and consequently not available. This information of their being quarrying leases was not given in the Land Office in Edmonton when I made my application.

As I was making arrangements with some purchasers of the timber lands that I was interested in on the Athabasca River, and was under obligation to obtain this land for them, this information that the land for which I applied for was not available placed me in an awkward position. Afterwards, on the 8th of September, 1916, I was allowed by the Department to lease a long strip of land between those quarrying leases and the Athabasca River, and instructions were given by the Department to Mr.Cautley to make a survey of the land at my expense, which was done, and after examination of this quantity of land by the parties purchasing the timber, it was found insufficient for their purposes, and I was obliged to make an

allowance to the purchasers of the timber the amount that they would have to pay for a mill site of their own selection which they selected two miles further down the river at Chisholm.

Your understanding that I am no longer interested in any of those lands is correct. While I realize that the Government's decision in a matter like this is final, I also feel that the doctrine of "Do unto others as you would have others do unto you" is not confined to individuals alone. Under all the circumstances in this matter I feel that I am entitled to a refund of all the money paid by me, with interest, from the time payment was made, but this may not be the view of the Department and, as I am an interested party, my judgment may not be entirely right - it may be biased. However, I would be satisfied to let you decide the matter as long as the decision is on the basis of that good old doctrine. My ruling passion is conciliation.

I shall be glad to hear from you at your earliest convenience.

I remain,

Yours truly,

Re Applications Nos. 47744, 46451 and 46676.

Sir,

I beg to inform you that under the authority of an Order in Council of the 5th October, 1911, the sale was authorized to Mr. James Smith of Edmonton of 267 acres of land as foreshore and mill site, at the rate of $10.00 an acre, subject to the erection of a mill, etc.

The land in question was not found satisfactory for Mr. Smith's purposes and he applied for permission to exchange the same for other available Dominion lands, having been granted permission to purchase 40 acres elsewhere and having been advised that sufficient of the amount of the purchase price paid by him for the first-mentioned parcel would be applied to the purchase of the said 40 acres and the balance would be refunded.

It was later not found advisable to dispose of the 40 acres by sale and it was decided to lease the same to Mr. Smith, who, however, subsequently advised the Department that he did not desire to acquire the land in any capacity and requested a refund of the amount paid.

The case was submitted in 1917 to the then Auditor-General, who expressed the opinion that a refund could not be made unless authorized by a vote of Parliament.

In view, however, of the fact that the Department may make refunds in cases of "payment for homestead fees, lease or purchase that can not be granted", I would enquire if under such provision a refund of the amount in question may be made to Mr. Smith.

QUESTION: Disposition of land.

This land was sold to Mr. James Smith by Order in Council of the 5th October, 1911 as a fo[illegible]shore and mill site at rate of $10.00 per acre.

After paying the first instalment of $890 on account of the sale, Mr. Smith abandoned the project. He has recently been refunded the money he paid on account.

The Land Patents Branch report that the sale has been cancelled and that the land may be otherwise disposed of.

The land is clear in the records of the other Branches of the Department.

The land is not now in the soldier area, but it is in a thickly settled part of the country and is probably of greater value than ordinary prairie, the sale to Mr. Smith being at the rate of $10.00 an acre.

This may be the kind of land that should be transferred to the Soldier Settlement Board, but, before coming to a decision, I would suggest that a Homestead Inspector be instructed to furnish a valuation and full report as to the character of the land.

Sir:

On the 7th of December, 1911, Mr. Robert E. Westcott made application to purchase the Fr. S.W. of Section 35, South of River in Township 56, Range 27, West of the 4th Meridian.

By your letter of the 22nd of December, 1911, addressed to Mr. Westcott, a copy of which was forwarded to this office, the applicant was notified that his application could not be entertained. It would appear as though no authority has been received from the Department to make this land available and as several enquiries have been made by intending settlers to file on this fractional quarter as a homestead, I would kindly ask to be authorized to make the same available for entry.

It will be observed that Mr. Johnston in his report of the 23rd instant states that the land above described is noted in the township register as "Vacant crown reserved by water lot" letter No. 111 to J. W. Smith.

As your report of the same date states that letter No. 111 was issued, I have to enquire if the entry in the township register should be removed.

I think the reservation should be removed from the township register

MEMORANDUM.

Mr. Perrin:

Frl. S.W.35-66-23-W.4th M.
South of River, comprising 64,7 acres.

Lands in the vicinity of the above described fractional area were, according to Order in Council of the 5th October, 1911, sold to Mr. James Smith of Edmonton. The sale was subsequently cancelled and with the exception of the area aforesaid the other lands were disposed of.

This fractional area although never actually reserved in connection with the sale of the other lands was affected in view of the fact that the application to purchase included the sale of water lots situated thereon.

R. V. Heathcott on the 7th December, 1911, made application to purchase this fractional area. He was informed, in view of the reservation, that his application could not be entertained.

On the 3rd February, 1912, the Agent of Dominion Lands at Edmonton advised that he had received several applications for homestead entry covering this land.

The area in question now appears vacant in the records here and as the Agent again advises that several enquiries have been made by intending settlers, I would recommend that he be instructed, provided he is aware of no reason to the contrary, to make it available for ordinary settlement in the usual way by posting with advice to all enquirers.

Memorandum,-

Referring to your memorandum dated 25th Apri file 4519738, the accrued lands mentioned in townships 49-22-4, 48-23-4 and 48-22-4 with the exception of the nor east quarter of section 26 are portions of the former bed o Big Hay lake. The recession of the water of this lake appears to be partly due to natural and partly to artifici causes. R.W. Lendrum, D.L.S. who surveyed township 48-23-4 in 1903 reported that he was informed that some years previously during a dry spell persons had walked dry-shod acr the bed of the lake which at the time of his survey was covered with six feet of water. He stated that the lake co be drained with little expense.

In 1911 an irrigation engineer reported that t water level had been lowered about three feet, owing to the deepening of the natural outlet by drainage operations.

In 1912 F.W. Seibert, D.L.S. reported that he found the lake to differ so much from that shown on the town ship plans as to warrant a complete traverse, although the elevation had not been lowered.

H.M.R. Soars, D.L.S. in 1914 reported that water level was higher than seven or eight years previously owing to the fact that water had been drained into the l faster than the outlet could carry it off. The lake was surveyed in 1915 by Mr. Soars and when the plan of township 48-23-4 showing his survey was issued in 1916, the areas of accrued lands in patented quarter sections were shown, the assumption being made that the recession was due to artificial causes.

In 1923 H.E. Pearson, D.L.S. surveyed the l and found that the water had further receded. The latest editions of the township plans show areas of all accrued lands according to his survey.

Myriad lake in township 47-23-4 was investi ed last September by Mr. T.S. Nash who found that it had completely receded from section 36 and the north half of northeast quarter of section 25 with the exception of a fe small water holes and that a good crop of hay had been cut the quality of which indicated that other crops had been in previous years. No outlet was observed and it is thou impossible to state whether the recession was due to drai or to natural causes.

A large body of open water still remains on legal subdivisions 8 and 9 of section 25.

The water was observed to have receded from section 30 of township 47-22-4 but section 31 was not investigated.

Sir,-

I beg to send you herewith a schedule of lands in your district which it is desired to set apart for public shooting purposes. Please make a careful note of this matter in all your records relating to these lands.

The Head Office files relating to the lands are being called for, and you will be further advised in the case of individual parcels if the file shows any other disposition of the land.

If, in any case, you know of any reason why the land should not be reserved for public shooting purposes you should report fully to the Department.

Please report promptly to the Department when you have noted the reservation and checked up the attached list with your records. You should at the same time inform the Department whether there are any lands in your district other than those mentioned in the enclosed schedule which according to your records are being reserved for public shooting purposes.

In reference to the lands in the schedule which are held under entry please note that no further applications are to be received from any person to cancel existing entries. Where notice has already been issued to any registered applicant for cancellation calling upon him to come forward and make entry the right so conferred is not withdrawn, provided it is exercised within the time specified in the notice. Generally speaking this reservation will not be held to take away or impair existing rights on the part of any person by virtue of an application actually made by him or of a notice actually issued to him by the Department prior to the date upon which this reservation becomes effective.

Should any of the land now under other disposition become available by reason of the cancellation of the existing entry, etc., there being no applicant, you should refer here before disposing of the land, mentioning this letter.

Certified copy of a Report of the Committee of the Privy Council, approved by His Excellency the Governor General on the 20th April, 1910.

Jos. P. D.

The Minister of the Interior states, under date the 12th April 1910, that Mr. J.E.Entwistle obtained homestead entry for the South-east quarter of Section 20, Township 53, Range 7, West of the Fifth Meridian, on the 26th. of August 1906;

That according to a declaration filed by the homesteader, it appears that he has brought 10 acres under cultivation: that he is the owner of 21 head of stock; that he has erected a house, stable and other buildings valued by him at $530.00, and has also fenced the quarter section.

The homesteader, however, is said to have failed in fulfilling the requirements of the Act with regard to residence, and the Minister, therefore, recommends, under the provisions of Sub-section (L) of Section (76) of the said Act, that authority be given for the sale of the homestead to the said entrant at the price of $3.00 per acre.

The Committee submit the same for approval.

Clerk of the Privy Council.

Re: George A. Ingram - N.W.¼ 4 and N.E.¼ 5, 13 - 19 - 4.

At a meeting of the Board appointed under Order P.C. 2200, held at Calgary on March 9, 1928, all members being present, it was unanimously agreed to recommend that the liens now registered against the above lands be removed, and that settlement thereof be made by accepting a promissory note, payable November 15, 1928, for the sum of One Hundred and Fifty Dollars ($150.00); in accordance with the terms of the report, dated February 2, 1928, made to the Board by the Director of the Debt Adjustment Act, a copy of which is attached hereto.

In making this Recommendation, the Board states that a satisfactory settlement has been made of the other liabilities of this debtor, so that he will be able to dispose of same, and that a condition of such settlement is that the first mortgagee shall be given clear title to the land as more particularly outlined in the attached report.

The Board, therefore, recommends that the liens now registered against the said lands be discharged.

The Board further recommends that the promissory note for $150.00 be accepted in settlement of said claim, collection

of which shall be undertaken by the Provincial Department of Agriculture, and that upon payment of the said note, the debtor be relieved of any further liability, and that the balances then remaining unpaid be cancelled, also that when paid the proceeds of said note be divided pro rata between the seed grain and relief advances.

Joint Relief Advance.

The attached report, with recommendations of the Chief Collector of the Collection Branch, Department of Municipal Affairs, dated February 4th, 1936, has been submitted to the Agricultural Relief Adjustment Board, and in the opinion of the Board the proposed adjustment is fair and reasonable, and it is desirable that it be accepted.

Mr. A. Moulter,

Seed grain & relief adjustment board,

Dear Sir:

Re: J. . . Culver. L. . 3a-1.-17-.
Joint relief a vances.

The above party obtained the following joint relief Advances giving as security liens on the title to the above land.

Joint relief.

Jan. 31/40	14.00
...r. ../40	49.00

Int. to ...r. 31/32	190.72
	$431.07

In common with numerous other residents in this territory the writer found himself unable to continue his farming operations satisfactorily and moved from this locality with a view to re-establish himself elsewhere under more favorable conditions, his present whereabouts being unknown. The land was allowed to revert to the taxing authorities under the provisions of the Tax Recovery Act and is now under the jurisdiction of the Special Areas Board. Due to the chaotic conditions which prevail in that part of the Province in which this land is situated that board holds same available for lease to one of the few remaining residents for grazing purposes only at a nominal rental insufficient to provide for any recovery on the advances.

There now remains no possibility of obtaining repayment under the personal covenant and as no security of any value is held I would recommend that the balance outstanding be written off and the liens cancelled.

The principal seed grain advances of five hundred and thirty-four dollars and seventy-four cents ($534.74) have already been cancelled.

Yours very truly,

W. H. Hamilton.

Title to the above land is subject to a prior mortgage registered in 1911 in the sum of one thousand, two hundred dollars and twenty cents ($1200.20). This mortgage was transferred and is now held by the Netherlands Investment Company of Canada Ltd. who have approached this office with a request that the liens be released without payment. In support of the application the Company has supplied from their solicitor a statement of the standing of the mortgage. The principal amount remaining unpaid thereunder is six hundred and thirty-four dollars and seventy-eight cents ($634.78) to which must be added taxes already paid by the Company of one hundred and sixteen dollars and twenty-six cents ($116.26) and for arrears still outstanding of one hundred and ninety-eight dollars and ninety cents ($198.90). The Company is proceeding with foreclosure action which it is estimated will cost one hundred and fifty dollars ($150.00). Of the interest at 8% per annum calculated from the last date at which the mortgage was in good standing is in the amount of three hundred and thirty-eight dollars and thirty-five cents ($338.35) making the Company's total claim against the land one thousand, four hundred and thirty-eight dollars and twenty-nine cents ($1438.29). The Company placed a valuation on this parcel of land one thousand dollars ($1000.00) which would seem to be reasonable in view of its location in one of the dry parts of the Province. The valuation is also supported by the assessment for taxation purposes which is eight hundred and fifty dollars ($850.00).

Board Order No. 6171 pointed out that the joint mortgage liens which originally encumbered the SE 18-11-10-4 were lost by virtue of a foreclosure action and that Board Order further provided that the location liens be released from the title to the SE 18-11-10-4. It was also pointed out in the preamble to the Board Order that the latter had failed in his farming operations and since that time has not been heard from. His present whereabouts being unknown.

In the circumstances Investment Company of Canada Limited have definitely shown that they will suffer a loss in respect of the above land of at least four hundred dollars ($400.00), I would recommend the liens be released from the title to the SE 18-11-10-4 and at the whereabouts of the debtor is [illegible] known, I would further recommend that the release of both the mortgage & joint caution advances be withheld off.

Ottawa, May 3, 1907.

Sir,-

At the urgent request of the Beaver Lake Band of Indians and in accordance with other representations which have been made to the Department it has been decided to allot and survey for these Indians the Reserve to which they are entitled under the provisions of the Treaty. (No.6).

They have for a great number of years resided on the shores of Beaver Lake, where they desire that the Reserve should be laid out for them. This Lake is not far from Lac La Biche and is situated in projected Townships 64 and 65 Range 16, West of 4th Meridian.

According to the latest census there are 105 members in the Band; they are thus entitled to 21 square miles. I shall be obliged if you will inform me whether the land in the vicinity of the said Lake is available for the purpose of an Indian Reserve, and if it is will you be good enough to reserve the same from sale and settlement until this Department has been able to have the survey made.

Replying to your letter of the 3rd inst. No. 50350, asking if there is available in the vicinity of Beaver Lake, near Lac la Biche, 81 square miles for the purpose of adding to Indian reserve for the Beaver Lake Band of Indians, the said lake being situated in projected townships 64 and 65, range 16 west fourth meridian, I am directed to say that as these townships are not surveyed, they are not open for sale or settlement. The description given in your letter is not definite enough to plot, as there is no township plan on which the proposed reserve could be marked. Sir,-

Referring to your letter of the 30th July last No.I38822I I beg to inform you that a copy of the plan of the Indian reserve at Beaver Lake as surveyed during the past season by Mr.J.Lestock Reid has been sent you by Police Mail. I shall be obliged if you will be good enough to have the lands indicated thereon set apart by Order in Council as a reserve for the Beaver Lake Indians.

Please note on the said plan that the fractional South West quarter Sec.I4, T.66,R.I3, W-4-M- is not included in the said reserve . The Roman Catholic Mission is established on the said quarter section and that Church desires to acquire the land. Action in this particular will of course require to be taken by your Department.

It was supposed, on account of Beaver Lake not being shown in its correct position on the map available last year that the desired reserve was situated in Townships 64 and 65,Range I6 whereas it is situated in Townships 65 and 66 Range I3.

MEMORANDUM:-

The Department of Indian Affairs have made application to have the land in townships 65 and 66, Range 13, West of the Fourth Meridian, shown bordered red on the plan (Marked), exclusive of the parcel shown bordered green on which the Roman Catholic Mission is established, set apart as a reserve for the Beaver Lake Indians.

The Surveyor General reported under date the 1st June last that the plan of township 66 had already been issued, and that the township and road allowances within that part required for the reserve had in consequence been vested in the Province, and stated that, if it was desired that that part of the reserve lying in township 65 be a solid block including all road allowances within its boundaries , ~~if so,~~ the Order-in-Council would require to be passed before the plan of the township was issued, and that otherwise the road allowances would pass to the control of the Province, as in the case of township 66.

The Secretary of the Department of Indian Affairs was requested to report in relation to the enquiry made by Mr.Deville, and expressed the opinion that there was no objection to the plan of township 65 being issued prior to the setting apart of the reserve, it being thus understood that the section road allowances across the entire reserve are under the control of the Provincial Government.

The Surveyor General was advised of the intimation made by the Department of Indian Affairs, and now reports that the plan of township 65 will be printed .

The matter is referred to you in order that the necessary authorization may be given for the preparation of the Order-in-Council recommending that the lands specified be set apart for the Beaver Lake Indians.

Sir,-

I beg to direct your attention to Order in Council, P.C.#1262, dated the 31st May 1911, confirming the Beaver Lake Indian reserve No.131, situate in Tps.65 and 66, R.13, W.4.M.

The Order in Council makes it quite clear that the several lakes and the road allowances included within the area are not under the control of the Department of Indian Affairs. The Topographical Surveys Branch has made inquiry as to how this reserve should be shown on their Township plans and sectional sheets.

In the confirmation of Indian reserves, it is usual to give this Department control of any bodies of water within the limits of the Indian reserve. It is thought that this reserve should be confirmed in a similar manner so as to ensure to the Indians the revenue from hunting and fishing in those bodies of water within the Indian reserve and obviate contentious possibilities in the administration by this Department.

I would suggest that the Order in Council be amended to read as follows,-

Firstly: All that portion of Township 66, Range 13, West of the Fourth Meridian included within the following described limits,- Commencing at the North West corner of Section Thirty-three, thence southerly along the western boundaries of Sections Thirty-three, Twenty-eight and Twenty-one to the South West corner of Section Twenty-one; thence easterly along the southern limits of Sections Twenty-one and Twenty-two to the North West corner of Section Fourteen; thence southerly along the western limit of Section Fourteen to the South West corner of Section Fourteen; thence easterly along the southern limit of Sections Fourteen and Thirteen to the eastern boundary of Township Sixty-five, Range Thirteen; thence northerly along the eastern

Referring to your memorandum of 3 [illegible] on file re Stoney Reserve, Indian reserves are usually selected in unsurveyed country and the whole block within the exterior boundary as surveyed is transferred to the Indian Department without exception of any waters that may be found within the block. In the case of Beaver Lake Indian reserve No. 131, the plan which accompanied the request for the transfer of this reserve, which plan is recorded under No. 1252, shows the surveyed lines within the exterior boundaries of the selected block but does not except them. The exception was made in preparing the description for insertion in the Order in Council.

The claim that the interior waters should be for the use of the Indians, care to [illegible] reasonable one and there does not appear to be any objection to their request for an amending Order in Council.

The amending Order in question submitted, however, does not except the west half of section 11 tp. 40-R-4 which was omitted from the reserve on account of being occupied as a [illegible] station.

Your ref.No.13867-1

Sir,-

I have to advise you that the description accompanying your letter of the 25th October last in connection with the amendment to Order in Council confirming the Beaver Lake Indian reserve No.131 is satisfactory. Although it was the intention of this Department in selecting and surveying this reserve on in 1907 to have it confirmed to include all the land within the boundaries of the area selected, it would appear that unfortunately the official plans of survey of these Townships were issued showing the regulation road allowances and as this action transferred the control of these road allowances to the Provinces, it is presumed that your Department is not now in a position to arrange for these road allowances to be included in the reserve.

MEMORANDUM

Mr. E. Ryan,
Timber & Grazing Branch.

Re. SW.¼. 13-28-18. W.4th.M.

With further reference to Mr. Slade's application to withdraw the above Quarter Section from Grazing Lease in order to make application for pre-emption entry for same, and your memorandum dated the 13th instant, requesting to be advised if Mr. Slade is eligible to be granted a pre-emption, I am to advise you that the regulations have recently been amended with respect to the pre-emption rights of homesteads adjoining lands which become available by providing for the recognition, before posting of the pre-emption rights of the homesteaders adjoining the land to become available, and where land which has been held under reservation becomes available for settlement, the Agent should, upon receipt of instructions to post, ascertain from the records if there are any adjoining homesteaders who have not already secured a pre-emption, and if so, he should at once issue a public notice to be placed in the Post Office nearest the land in question, setting forth that such land will be reserved for fifteen days from the date of such notice in order that the entrants adjoining the land may have prior right of obtaining a pre-emption entry therefor. These applications are taken in order of priority, the senior homesteader having a first right and so on.

This ruling must, so far as this Branch is concerned, determine Mr. Slade's status in the matter of being entitled to a pre-emption.

the transfer of Mr. Ironside's interests in the lease in question to Mr. Clapendle, it will be necessary that a properly executed unconditional assignment from Mr. Ironside in favour of Mr. Clapendle be forwarded here for registration, together with the registration fee of $3.00, and a statutory declaration by Mr. Clapendle that he is a British subject.

Your obedient servant,

E. L. [illegible]

Controller.

MEMORANDUM:

Mr. Cory.

Please refer to Mr. York's memorandum of the 7th instant, herewith, in connection with which you ask for my views.

From the statement submitted it appears that Mr. Slade having made homestead entry for the S.E. ¼ of 13-29-18-W. 4th ..., which lies within the boundaries of his leasehold as a home farm and corral, the lessees are not entitled to entry or sale of any further area from the Crown in connection with the lease. If they desire to relinquish from the lease certain sections in order that the Soldier Settlement Board may acquire the land for disposition under the provisions of the Soldier Settlement Act, there would appear to be no objection to their doing so, nor would there appear to be any objection to ~~him~~ continuing ~~of~~ the leasehold on the balance of the lands remaining therein.

lessees confirm their relinquishment to these entries, or in this way they will still hold their present legal position to any rights of section 14 which it may be decided not to sell to them. The lessees of these five tracts do not get right to purchase under their lease or the regulations.

In this connection I think I should point out that T. 7 N., R. 3 E., being one of those townships, recently made up three gas & water bonds of agricultural lands in this part of Idaho & Wyoming that could not be disturbed in the holdings of this bond, but was refused a lease under the present application for the same, as a lease was in a similar position to the one in which Mr. Hyde is interested if allowed or if it did not have too many to run.

Sir,

Referring to the proposed relinquishment of certain lands from the operations of Ranche No. 3166, for Soldier Settlement purposes, the lessee, E. C. C. Slade, is willing to release the said lands from his Ranche provided he is allowed to acquire title to one quarter-section to protect his buildings and to retain a lease of the balance of the leasehold.

It would seem that Mr. Slade's patented homestead entry does not cover the land upon which his buildings are located and provided he will furnish an Abstract of the Title and general Registration Certificate showing the land free from encumbrances, and execute a Quit Claim Deed reconveying his interest in the homestead quarter-section to the Crown, the Department is willing to give him title to the quarter-section on which his buildings are located.

Re N.E.¼-13-28-18-W.4th M.

I am to acknowledge your letter of the 27th August last calling attention to the fact that you have received no reply to your communication of the 13th June last wherein you stated the reasons why an exchange of your patented homestead (S.E.¼-13-28-18-W.4th M) for the quarter-section above mentioned would not be acceptable and suggesting in lieu thereof that you be permitted to purchase the land.

In reply I beg to say that on the 19th July last the Agent of Dominion Lands at Calgary instructed a Homestead Inspector to visit the land and furnish a sketch showing the location of your buildings and report in reference to the character thereof. In the meantime the land is still comprised within your lease of Ranche No.3166.

Re ... 15-38-18-...4th M.
... Homestead - ... Dist. ... Edo.
Your ...-[illegible]-[illegible].

In reply to your letter of the 5th instant, with enclosures, you are informed that the report made on the North East quarter of Section 15, Township 38, Range 18, West of the 4th Meridian, is not satisfactory. Kindly have Homestead Inspector Loring supplement his report stating more specifically the particular Local Sub-divisions of that quarter-section on which the buildings are and their probable value. A valuation should also be placed on the particular Local Sub-divisions on which the buildings are located, and a further valuation placed on the entire quarter-section as a whole.

It is also desired that the Homestead Inspector report as to the buildings, if any, on the patented homestead, the South West quarter, and whether it is to be understood none of the residence claimed in the application for patent made and performed on the homestead quarter-section, but in reality was performed on the North East quarter, and if so, on what particular Local Sub-division.

It is assumed Homestead Inspector Loring will be able to furnish this information from his notes or from memory. Please see that the required supplementary report is procured as soon as possible.

Sir:

[illegible] S.E. 13-30-18 W. 4th M.
Patented Homestead.
N.E. 13-30-18 W. 4th M.
Leased land.

In reference to your homestead, for which you have been granted letters patent on the strength of evidence submitted in your application for patent that the requisite settlement duties had been performed in accordance with the terms of your entry, I beg to say that a report recently made by an official of the Department establishes the fact that your buildings are located on the S.E. of the said section, and under the regulations [illegible] regulations, you cannot be given credit for residence performed thereon in connection with your homestead, and in strict compliance with the provisions of the Dominion Lands Act patent for your homestead should now be cancelled.

However, in view of your volunteer statement that you were not aware that you had located your buildings on the S.E. until survey of the land had been made, it has been decided to allow you to purchase the quarter-section on which your buildings are located at the rate of $3.00 per acre, which is now the minimum price for homestead lands.

The whole, or one-quarter of the purchase price should be remitted to the agent of Dominion Lands, Calgary, within 60 days, and the balance in three equal annual instalments subject to interest at 6% on the unpaid portion of the principal. The rate will be increased to 7% where the instalment is not paid on the due date thereof.

The privilege of purchase in this case is being made on the understanding that on completion of the purchase price, you will be given credit for residence performed on the N.E. in connection with your homestead, the S.E. of the same section.

Assistant Secretary.

Memorandum:

Mr. Hume.

RE: S.E.¼. 13-38-18-W.4th.M.
Patented Homestead of D.C. Slade.
N.E.¼. 13-38-18-W.4th.M.
Leased to D.C. Slade.
.....

Through an error, this entrant placed his improvements for his homestead entry on the wrong quarter section, the North East of 13. Mr. Slade held the South East quarter under homestead entry and a number of other sections in the township under a twenty-one year lease. After making application for patent, Mr. Slade admitted that the buildings were on the North East quarter of the section and this statement was corroborated by the homestead inspector's report.

The case was submitted by Mr. Harris in his memorandum of the 6th of February last, hereunder marked, and it was decided that Mr. Slade might be allowed to purchase the whole of the North East quarter at $5.00 per acre and that, provided he did so, he might be allowed credit for residence performed thereon in connection with his homestead.

Mr. Slade was advised of this effect, in February last, and he now writes the department pointing out that he was advised by the party who made the survey of the township that his improvements were located on the South East quarter of Section 13 and that when making entry at Calgary, he was advised to the same effect and on this information, he made homestead entry for this quarter section.

He points out that the privilege of purchasing the North East quarter of section 13 would still leave him in a very awkward position, the land comprising the East half of 13 being so poor and rough that on the termination of leasing, the place by itself would have no value either for farming or for sale.

His letter continues as follows:-

"I would prefer, if not incompatible with existing "regulations, to abandon my homestead on S.E.¼. 13, pur-"chase the ½ section on which my improvements are sit-"uated either now or at the termination of my lease as "provided in section 15 of the regulations governing the "issue of leases and to make homestead entry on another

(Over)

"quarter section to be proved up in accordance
"with the provisions of the Dominion Lands Act.

"In regard to your price of $5.00 per
"acre for land would there be any allowance for
"waste land on such land as the N.E.¼. 13-28 18."

Please say what answer should
be made to Mr. Slade in regard to this matter.
